CHAPTER 14

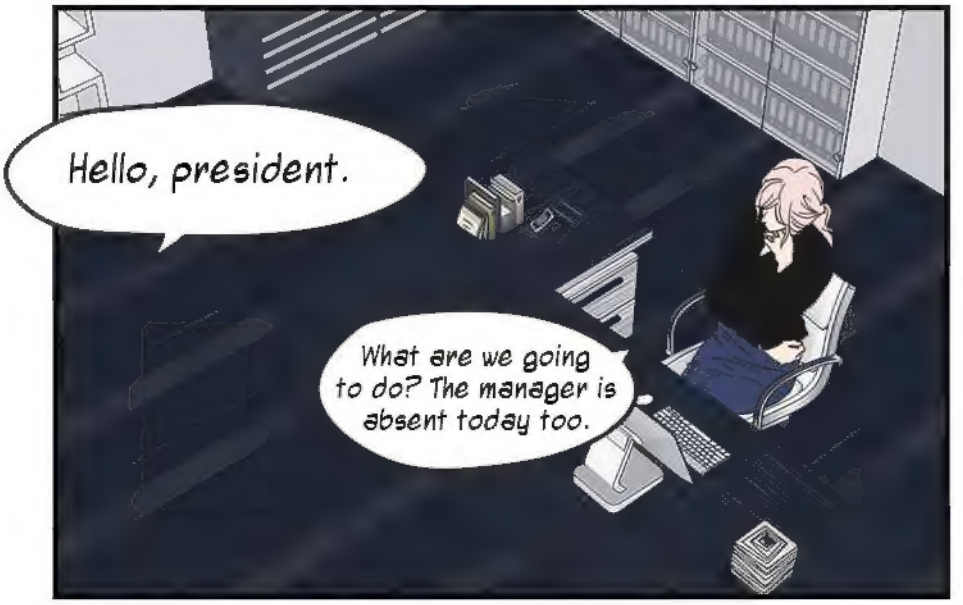
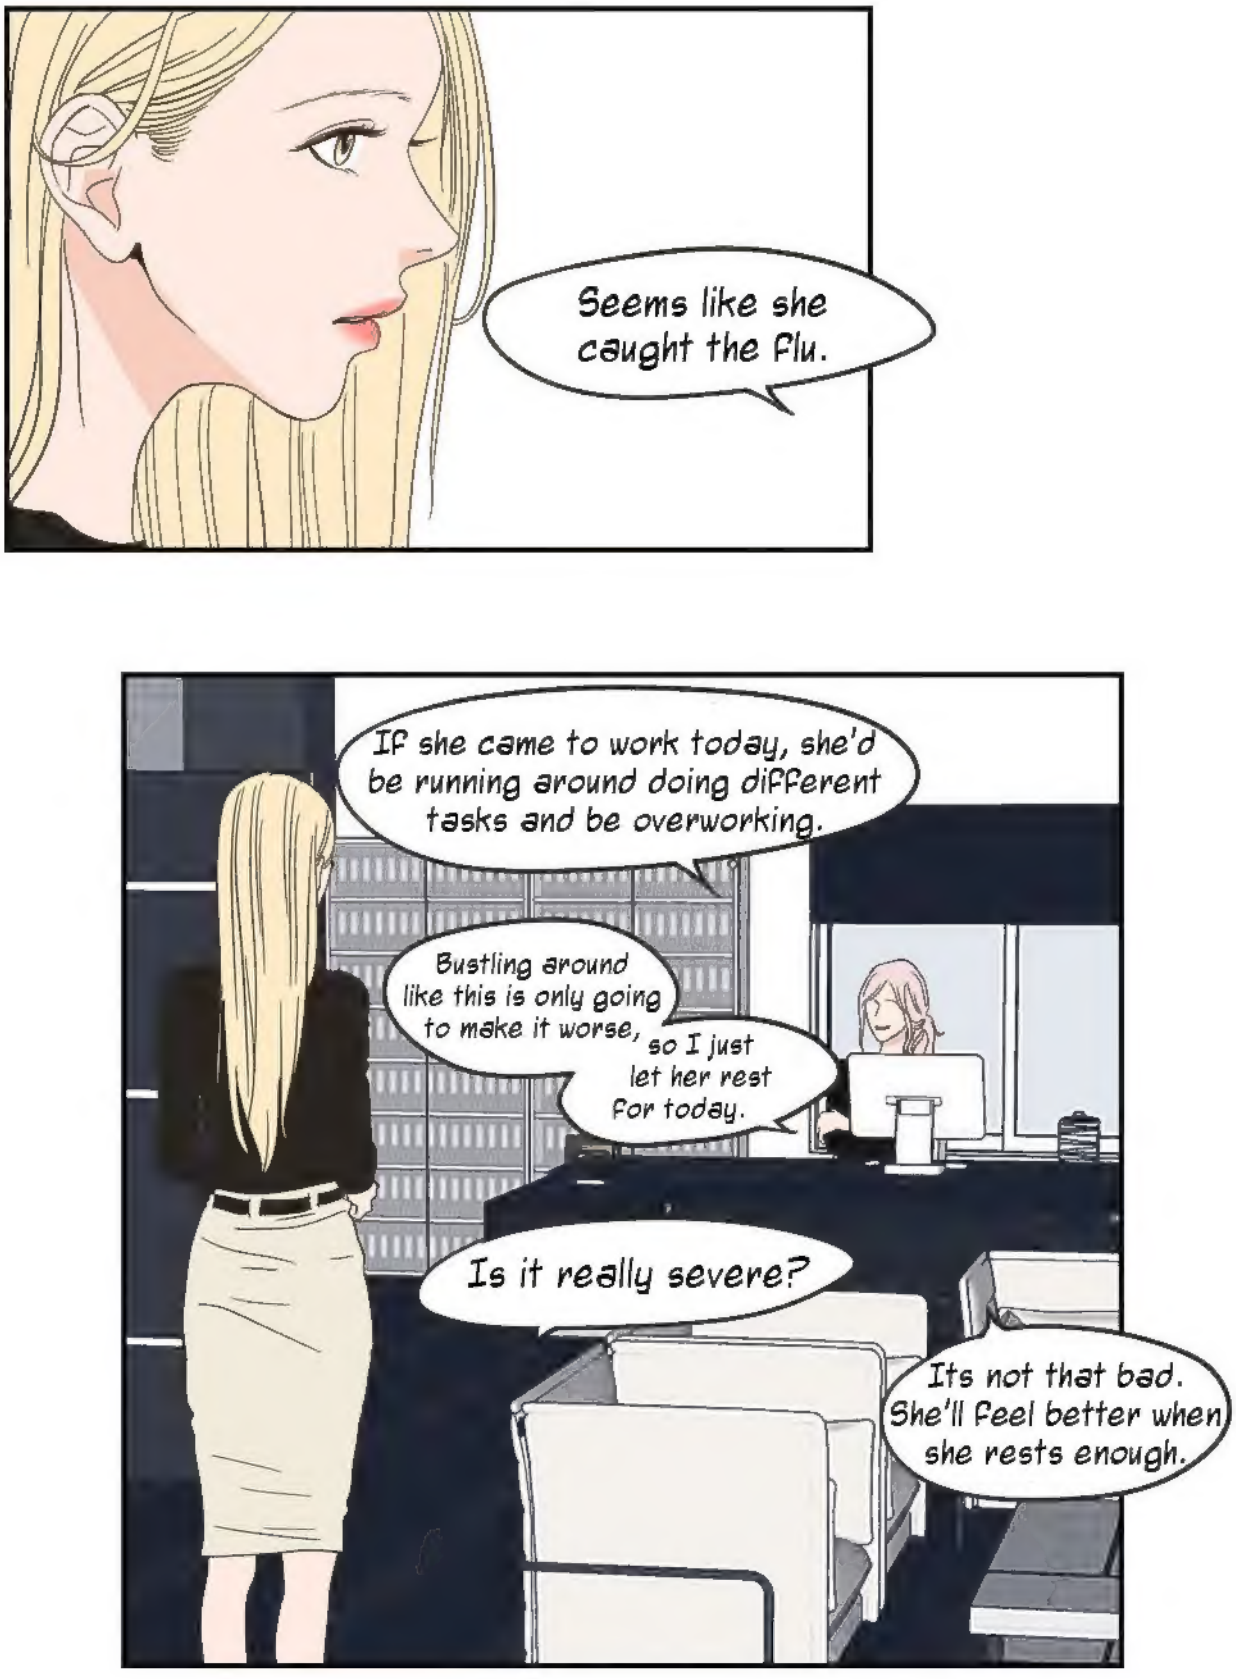
Ah, Ms Sungji.

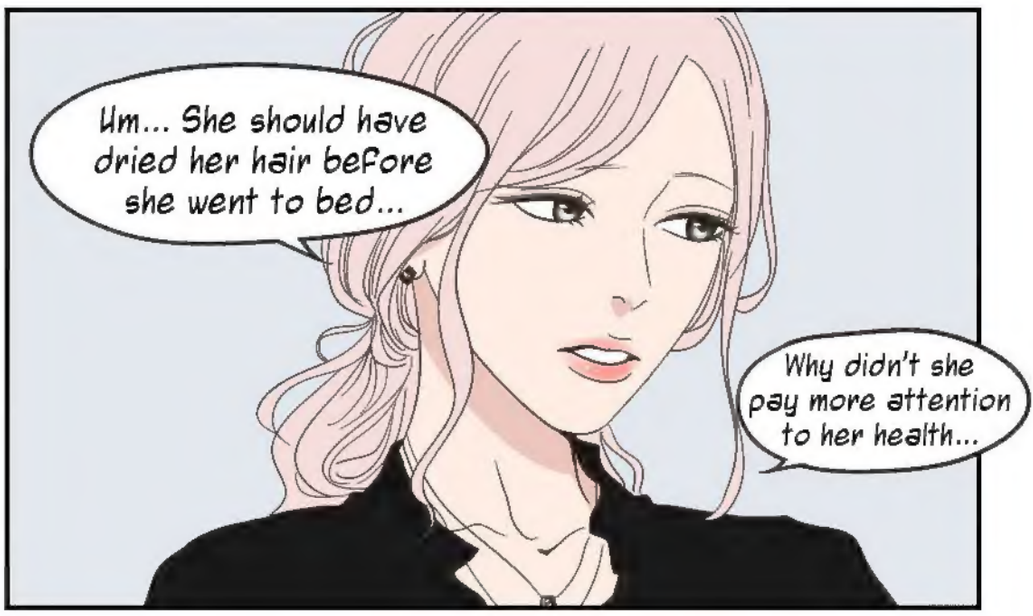
Ah.



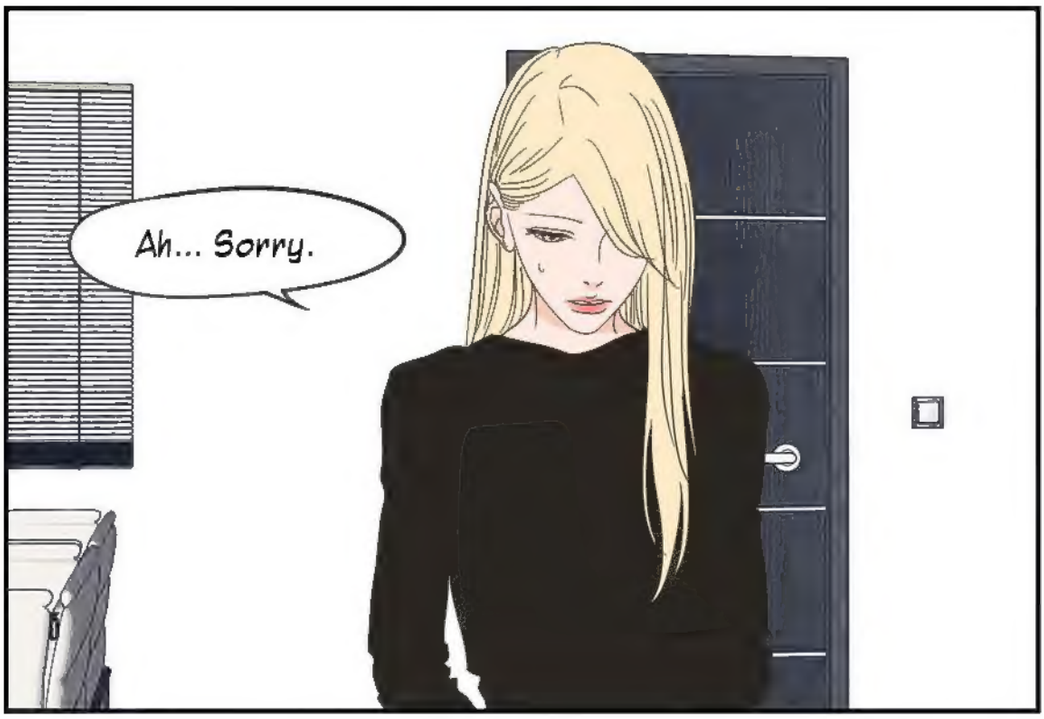
Hello, president.
What are we going to do? The manager is absent today too.



Seems like she caught the flu.
If she came to work today, she'd be running around doing different tasks and be overworking.
Bustling around like this is only going to make it worse,
so I just let her rest for today.
Is it really severe?
Its not that bad. She'll feel better when she rests enough.



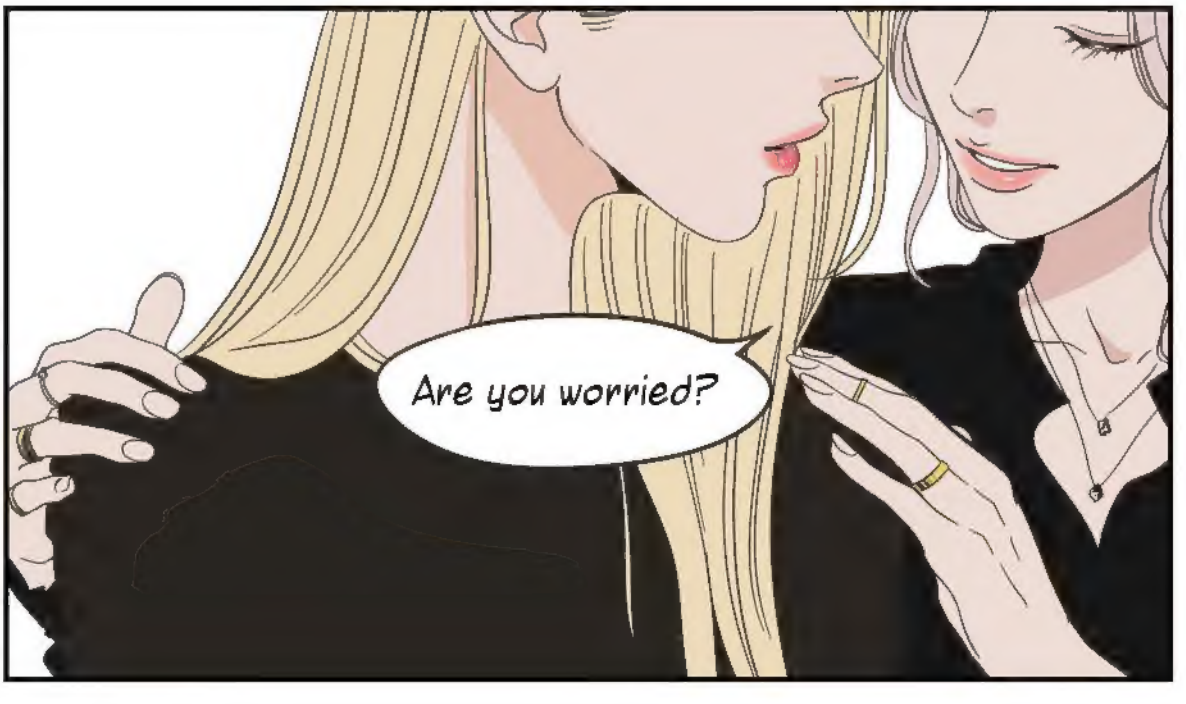
Um... She should have dried her hair before she went to bed...
Why didn't she pay more attention to her health...



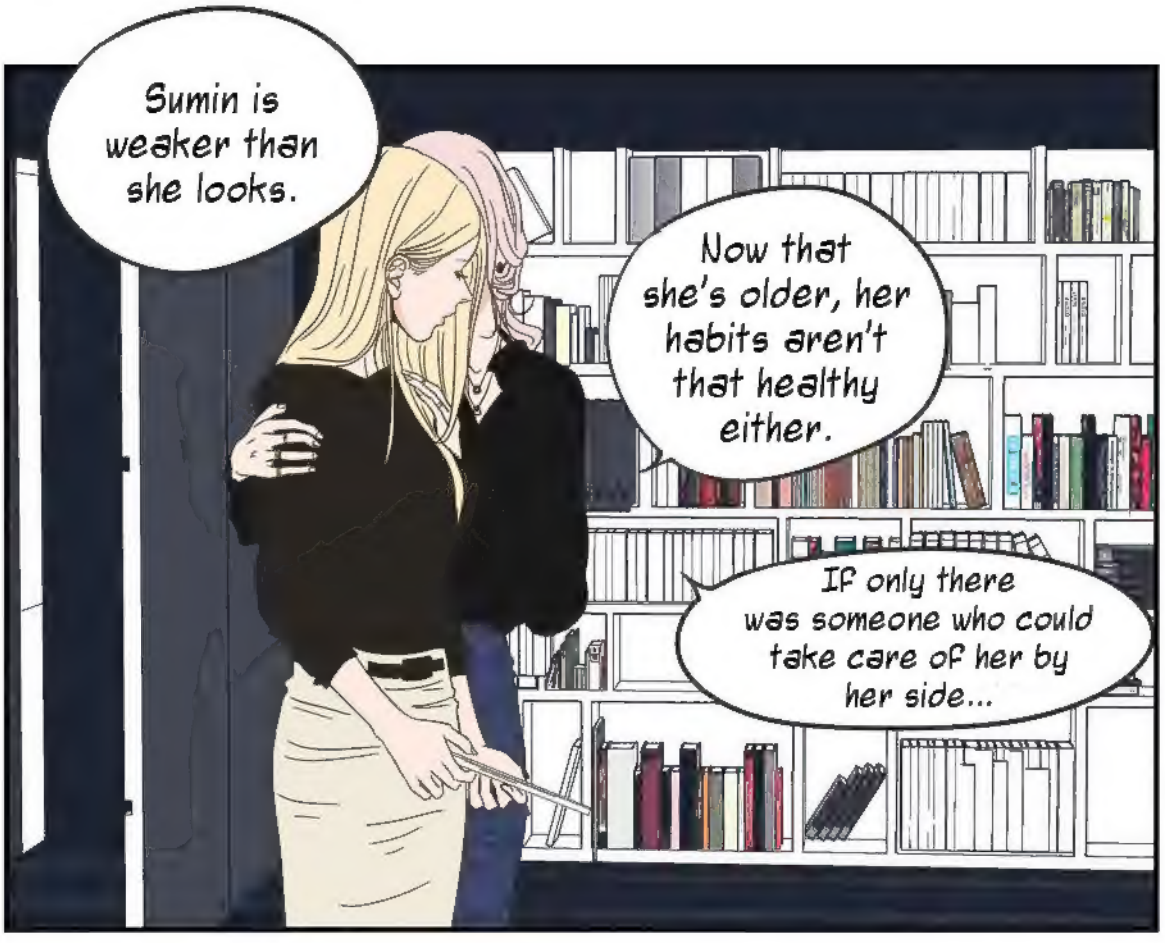
Ah... Sorry.

So naive...

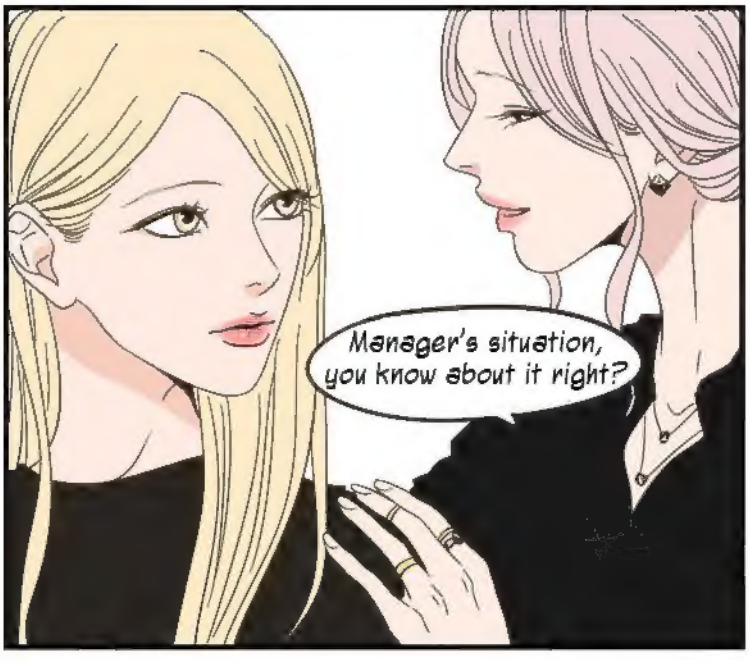
...
But I don't think she got sick because of that.



Are you worried?

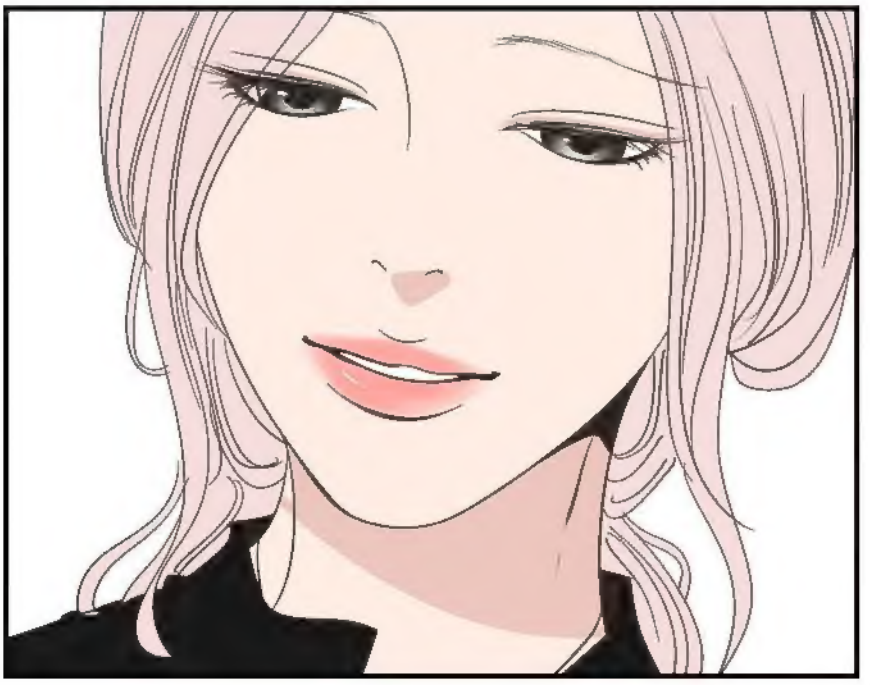


Sumin is weaker than she looks.
Now that she's older, her habits aren't that healthy either.
If only there was someone who could take care of her by her side...

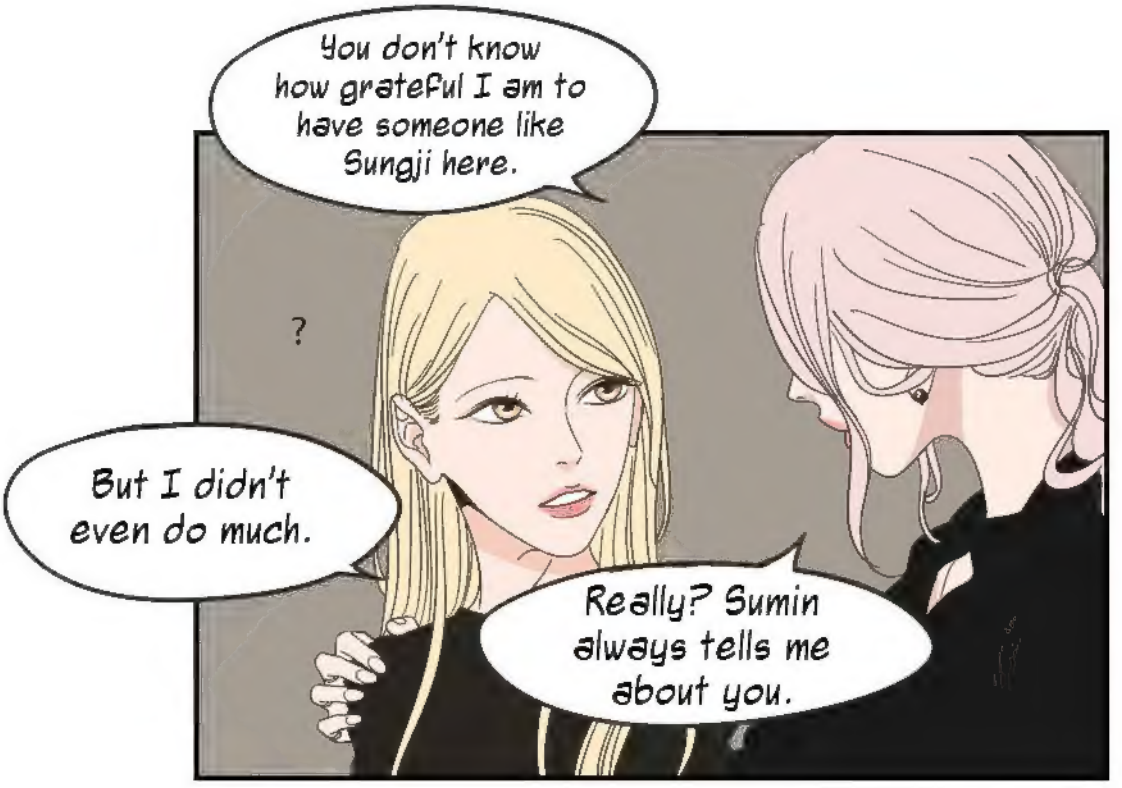


Manager's situation, you know about it right?

Even so, aren't you there for her?



I have my own things to take care of.



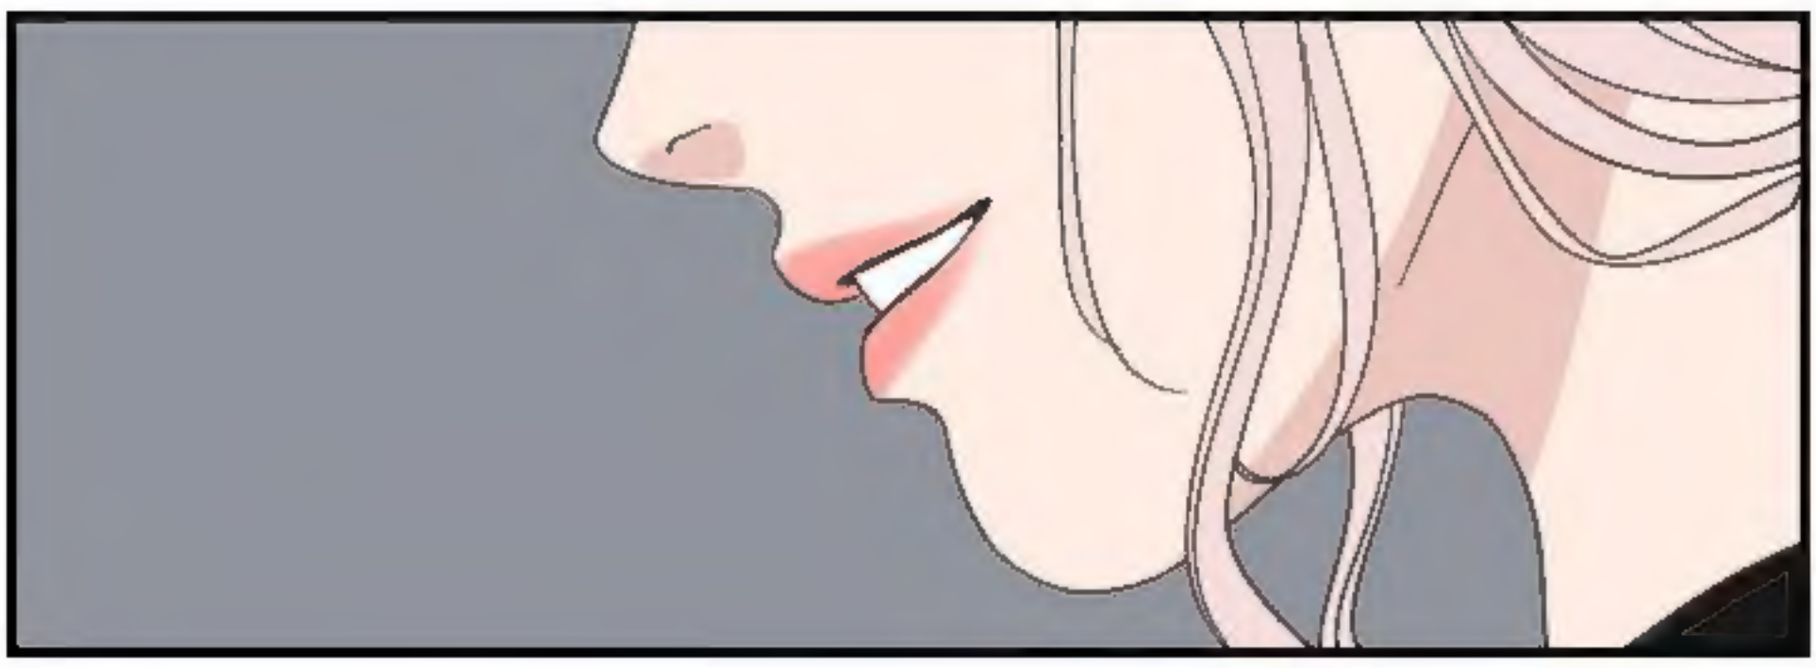
You don't know how grateful I am to have someone like Sungji here.
?
But I didn't even do much.
Really? Sumin always tells me about you.

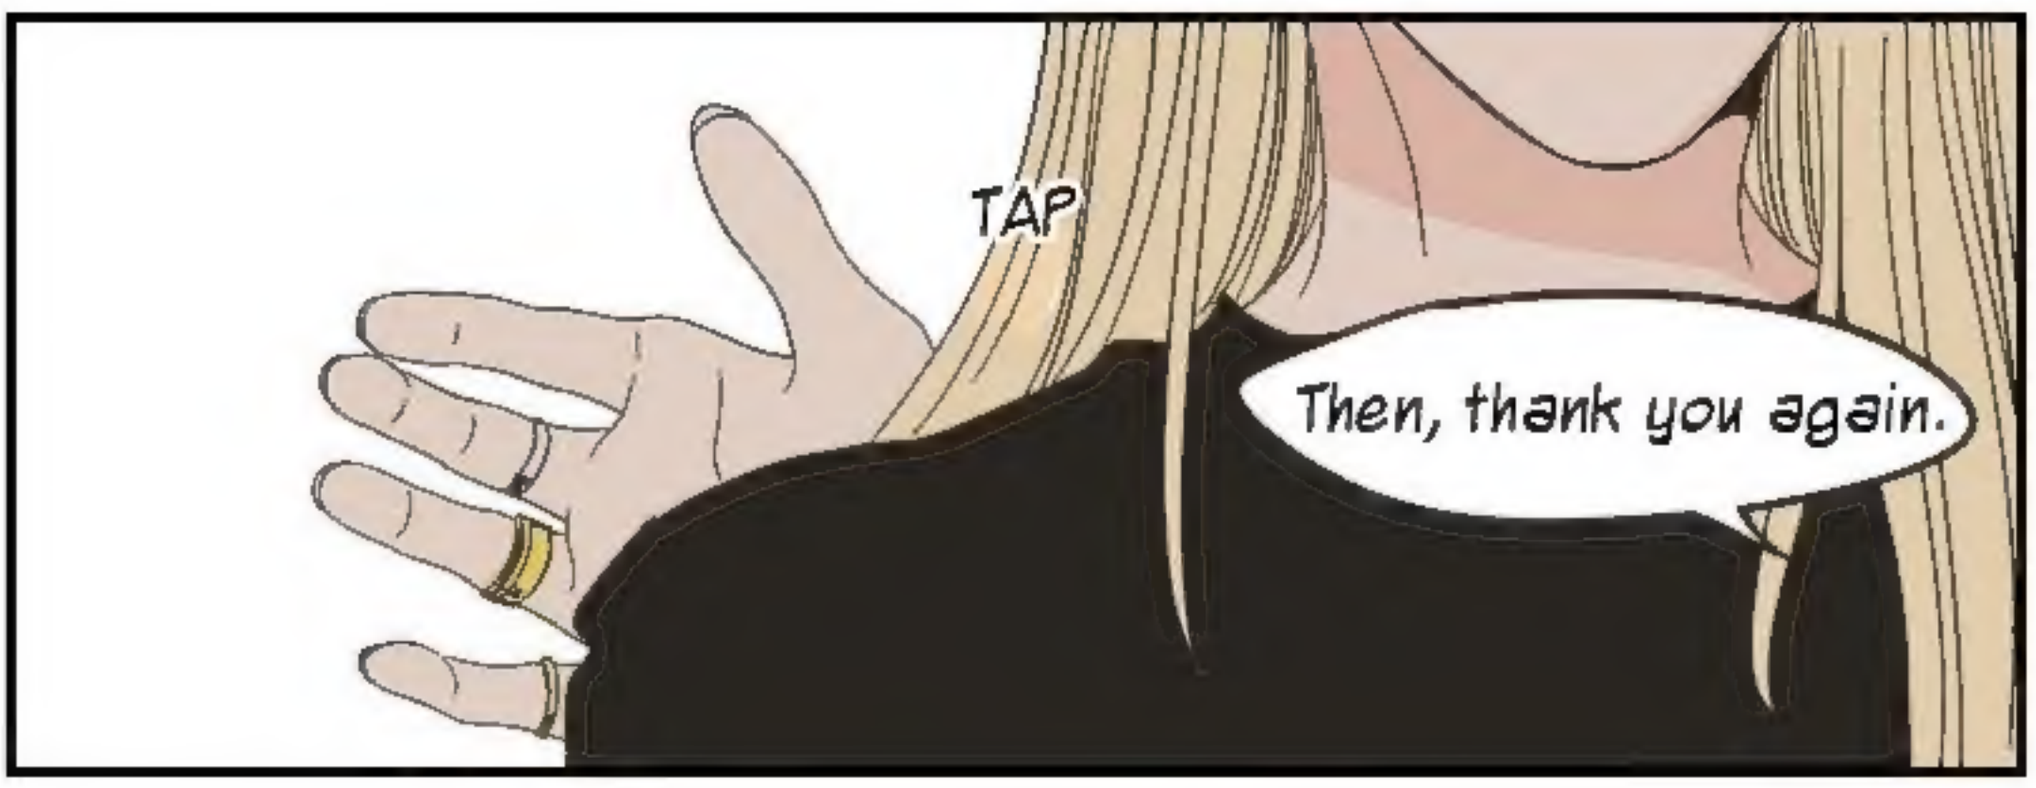
She talked about me?

Of course.

She said our newcomer is really hard working.

Ah...





TAP
Then, thank you again.

Then, the basics like being hard to get is still something you need to do, got it?
Otherwise they'll get bored of you easily. Thats just how people are.

Ah, other than that, you'll still have to give compliments and don't hold back.

Mm...

And don't do everything as you're told.

You still have to know when to reject them, okay?

Especially since your appearance is eye-catching, it may give off the wrong impression.

Mm...

That's really important, so you really have to note it down.

Wait a second. Where's my pen...?

No, I'm not telling you to really write it down! Remember it.

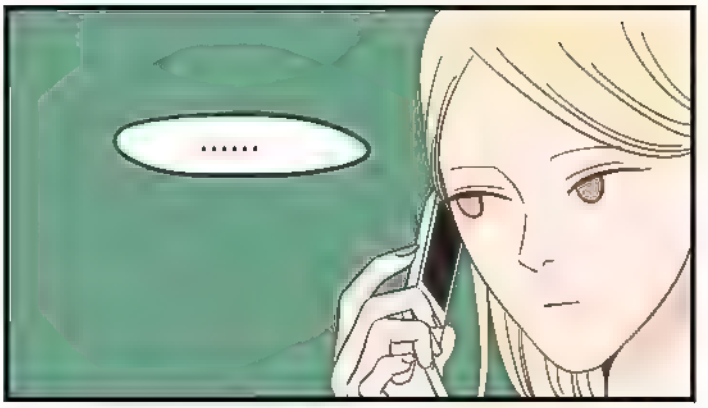
Mhm.

When you're alone together and your eyes meet,

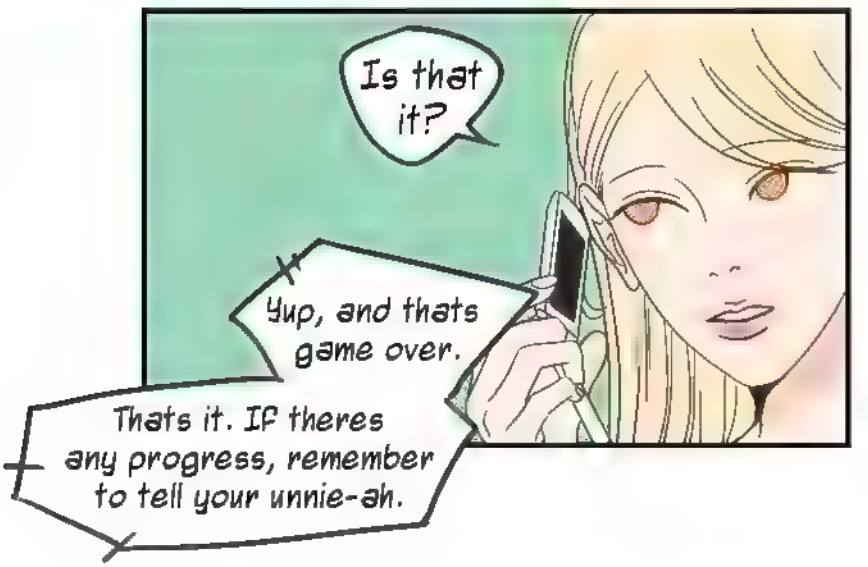
remember to smile.

When our eyes meet?

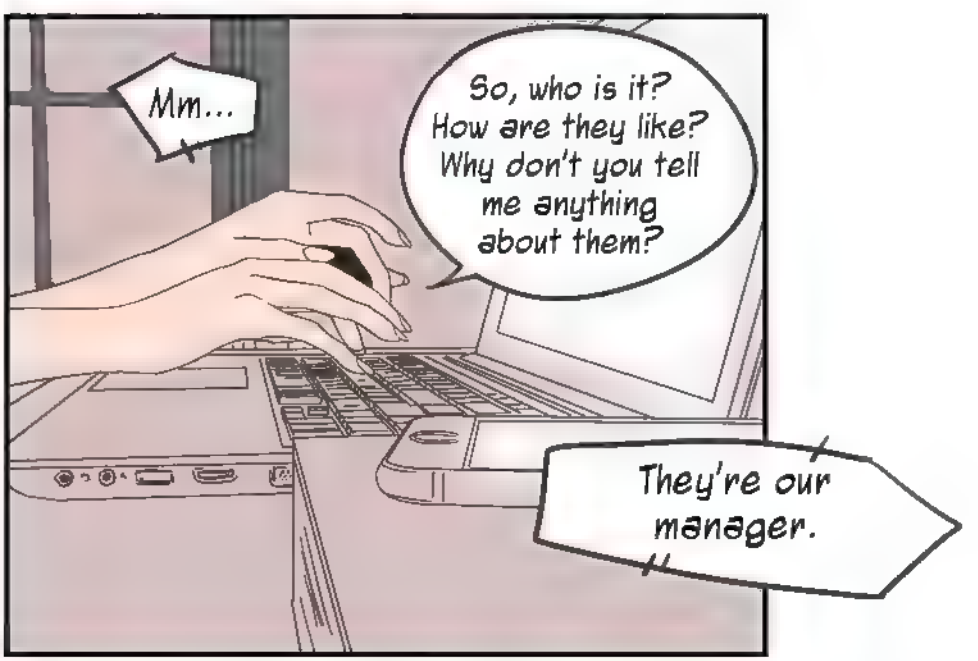
Remember to smile.



.....



Is that it?
Yup, and thats game over.
Thats it. If theres any progress, remember to tell your unnie-ah.



Mm...
So, who is it? How are they like? Why don't you tell me anything about them?
They're our manager.

So I said, what kind of person is your manager like?
Like the manager.

Ha... Okay. Keep it up.

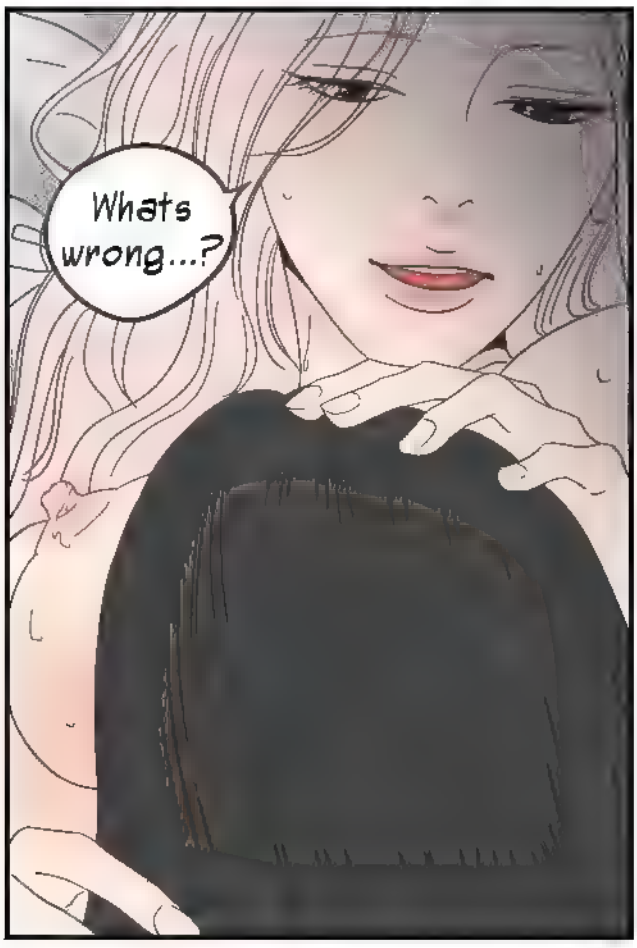
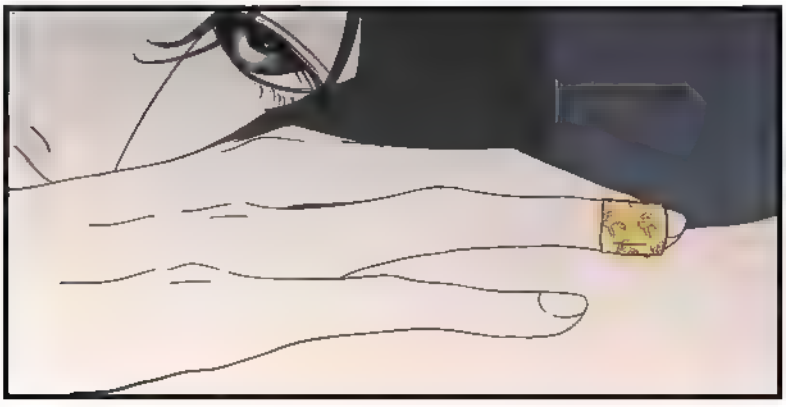
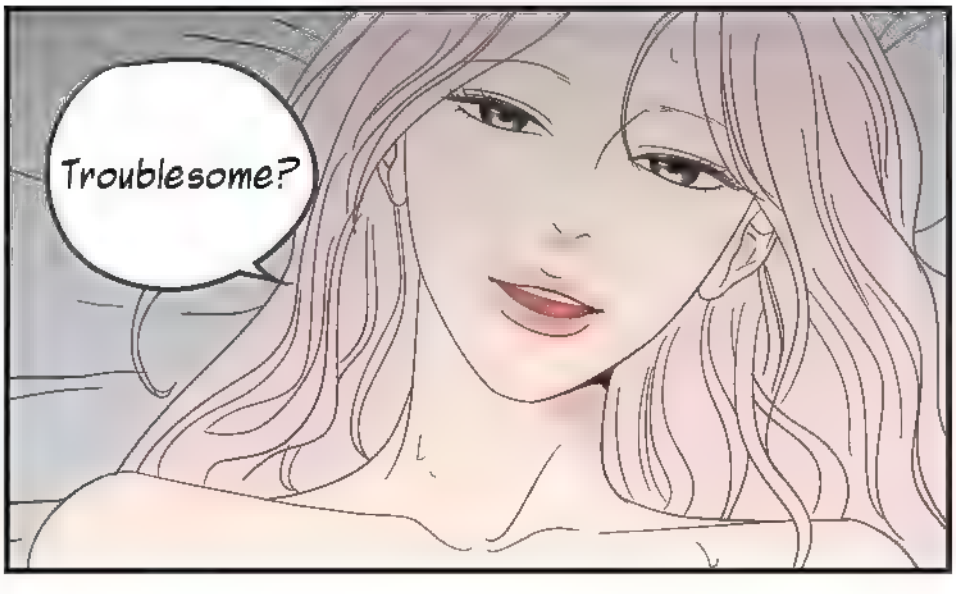
...



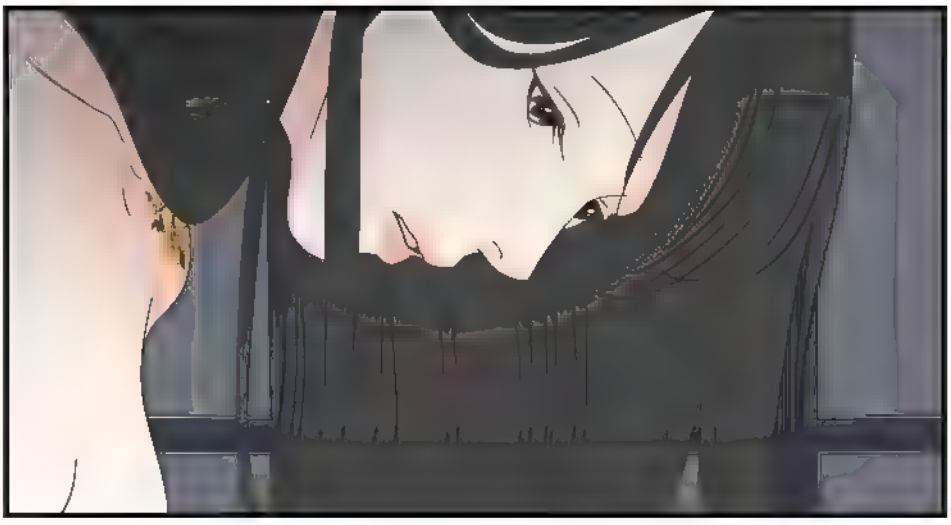
Whats wrong...?



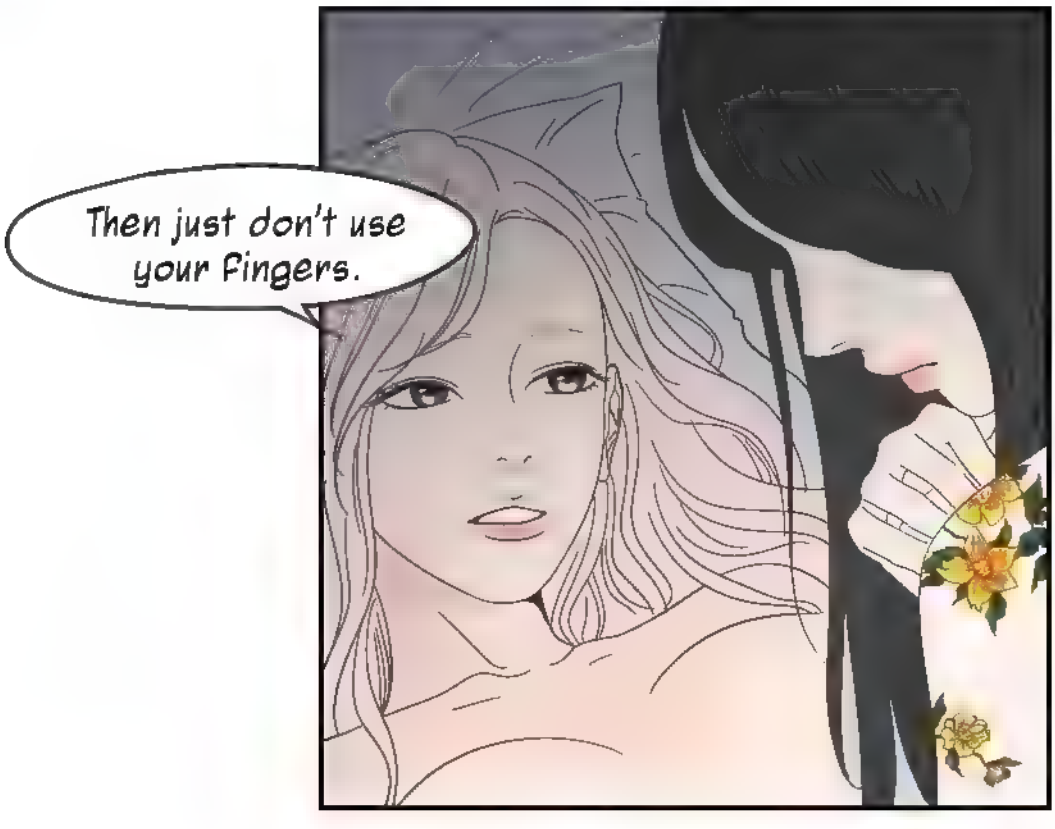
I can't do it if my finger's like this.
Didn't you say it was fine?
Because the fingertip's cut, it's very troublesome.



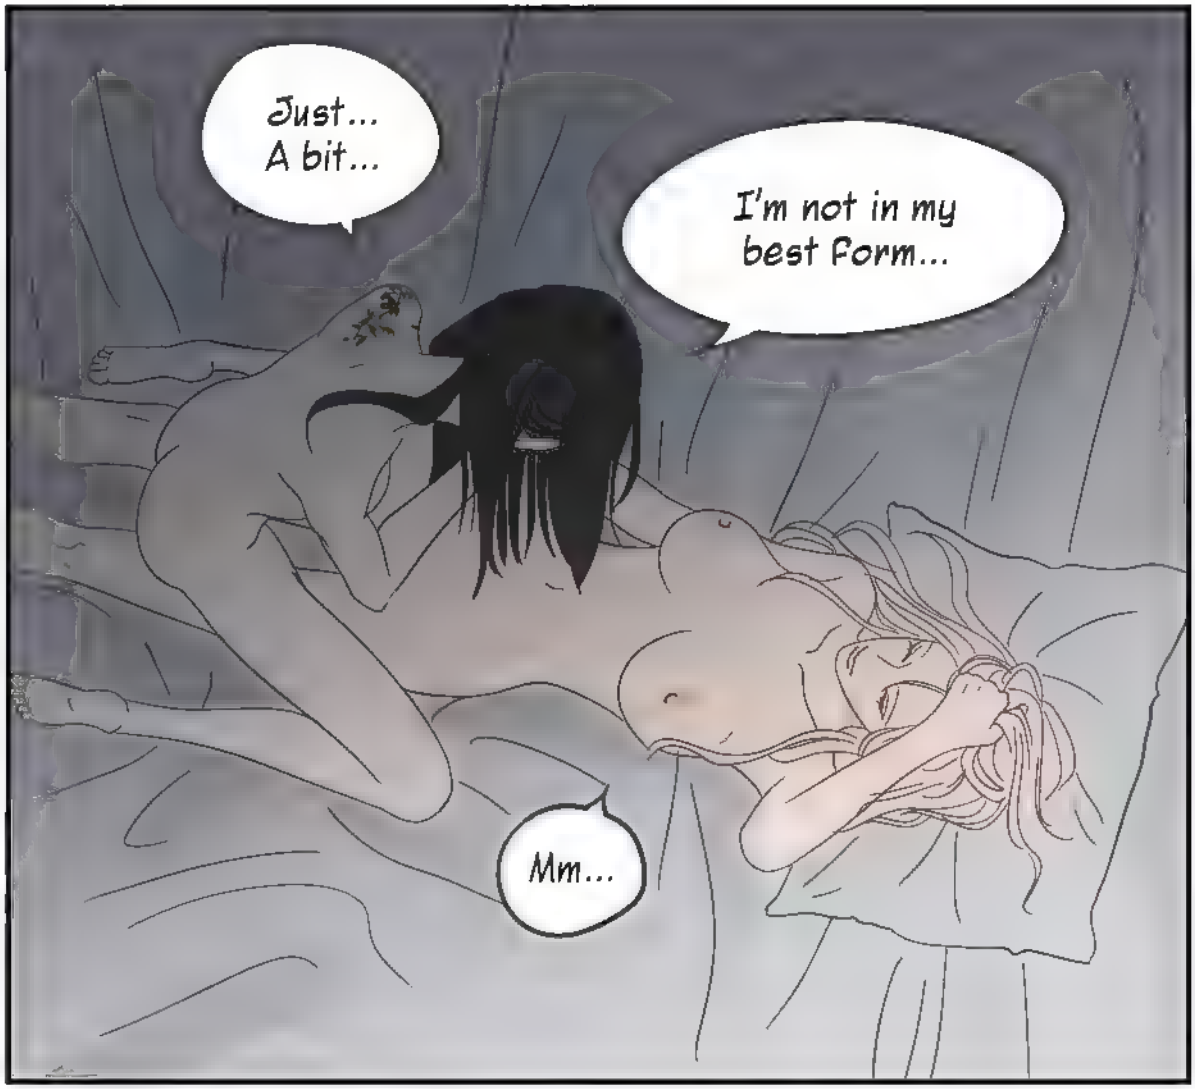
Troublesome?



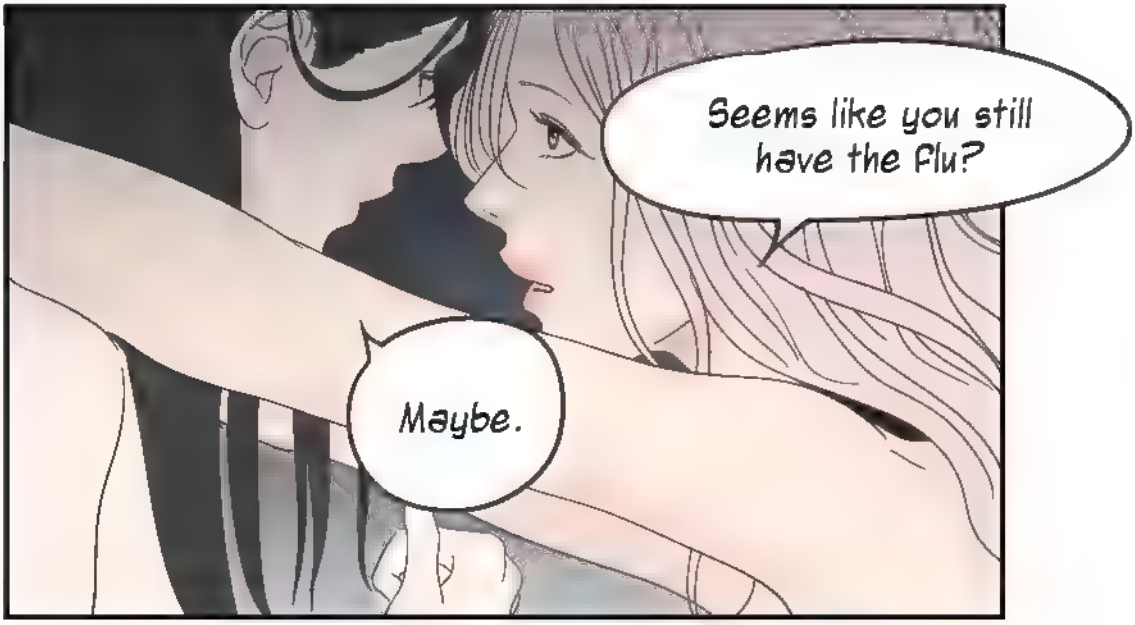
Let me see.
Don't touch. It hurts.



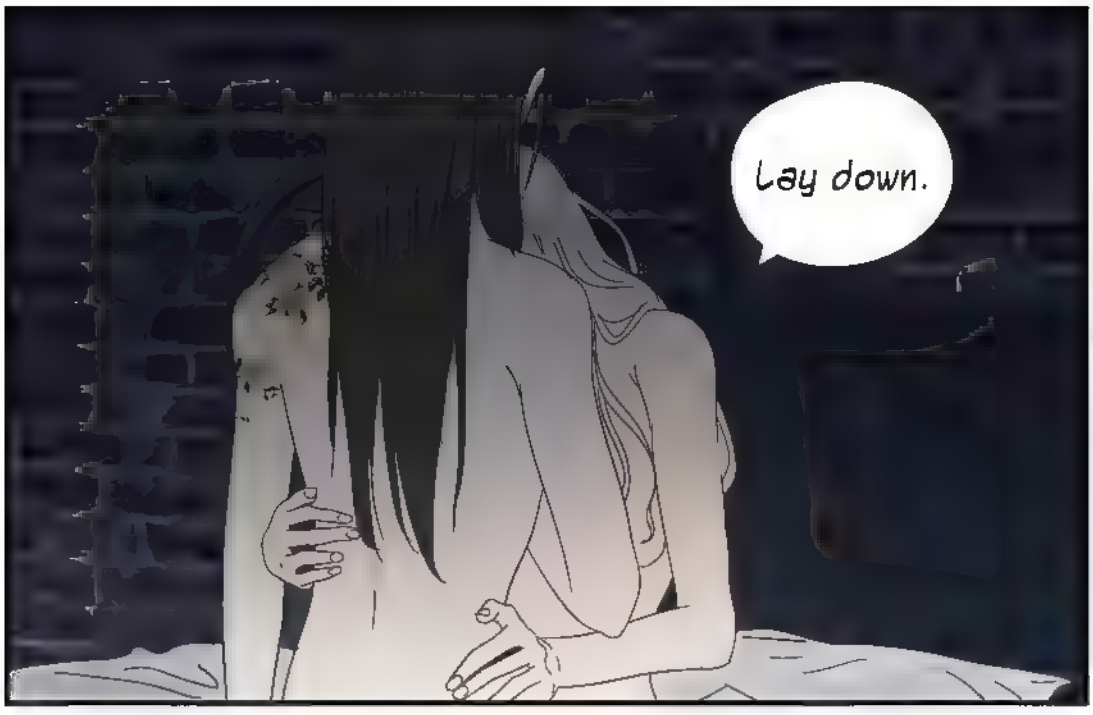
Then just don't use your fingers.



Just... A bit...
I'm not in my best form...
Mm...



Seems like you still have the flu?
Maybe.



Lay down.

Why are you being so compliant...?
.....

Tired...
I might even fall asleep.

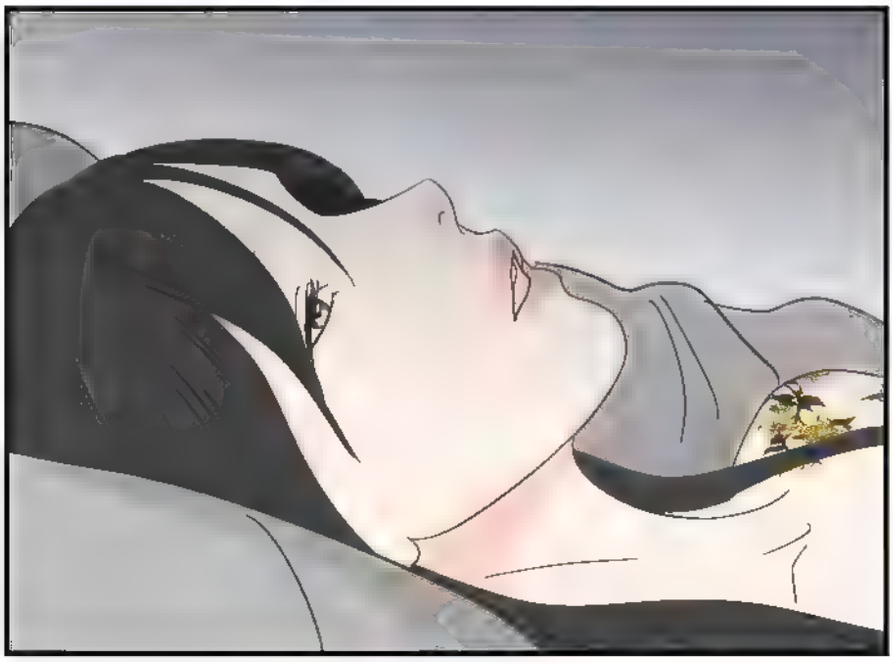
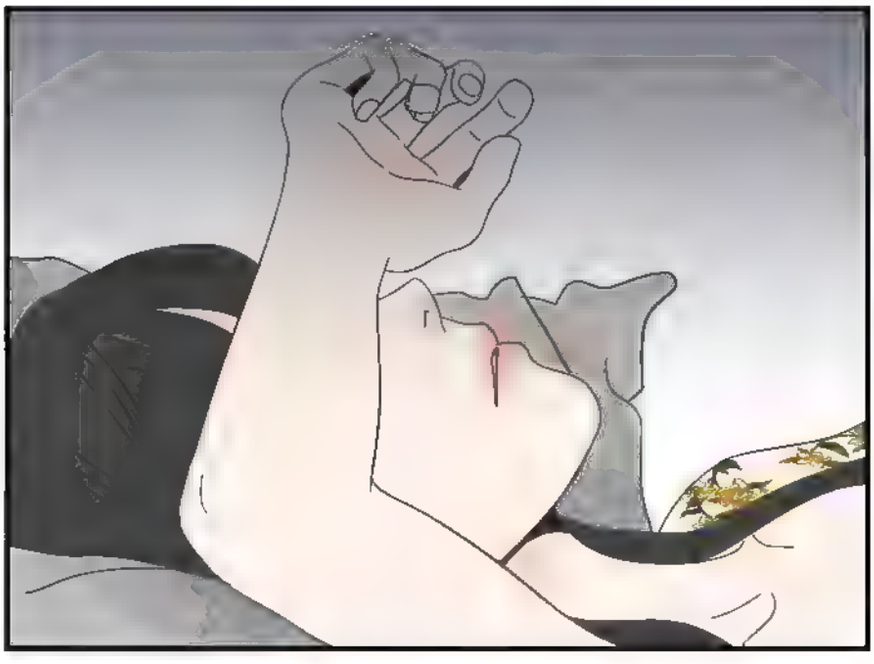
Then,
sweet dreams.





We broke up again.

I think it really didn't matter to me this time.
Something about how it doesn't feel like being together, and thinking about something else.

I don't get why they always say they're genuine.
They're always going to want it the way they expect.
They say they love you,
but then in the end, they'd only want their way.

Aren't the same?
Sumin-ah.
But then...

Why am I still here?
